- View tracking sheets
- Print Tracking Sheets

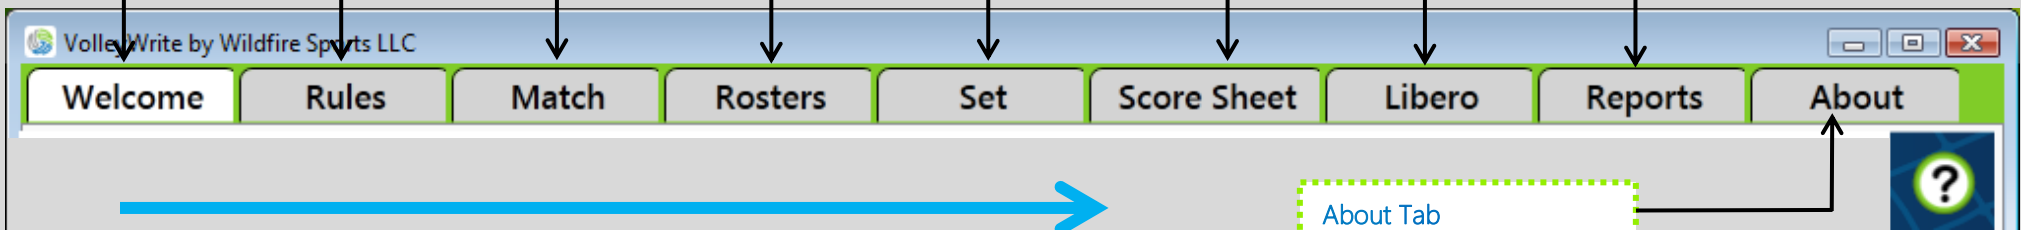

Reports Tab

- Match Summary
- Results for your season
- Participation information
- Manually entered statistics
- Side-Out Efficiency (Optional Add-on)

About Tab

- Contact Info
- Link to YouTube videos

Help buttons connect you to the User Manual

Tabs are listed in their approximate order of use.

You will enter most information on the Set tab.

* This example shows NFHS rules.

Message Bubble

Many messages attach to the message bubble so the screen is readable

Lineup Entry Methods

- Lineup button
- Drag and drop between bench and court positions (begin either place)
- Double-click bench numbers to enter in floor or service order (per Rules tab)

Substitutions

- Click on a bench player then click on a number on the court.
- If player has already been on the court, double click number on the bench and confirm

Libero Replacements

- Drag & drop between libero boxes and court
- Double-click a blue # in libero box to move it to service position
- Double-click number in replacement box to move back onto court

Rally Point

Record Points

First Serve

An arrow, or radio buttons when you can select

Change Courts

Move teams to the correct sides of the display before the first set or deciding sets

Replay/Re-Serve

Record a replay or a re-serve

Disabled buttons are "washed out"

Injury

- Officials' timer
- Re-populate the court if necessary

Undo

Erase the last action

Penalty

- Unnecessary delay
- Illegal player/server
- Warning (yellow card)
- Penalty (red card)
- DQ (red & yellow cards)

Manual Fix

Advanced error correction: change starting lineup, edit subs and libero actions, add and remove points.

Captain Tracking

No captain on the court – select one

Help button

connects you to User Docs

Server Verification

You can sub in a new server – the number in the bubble changes

Change Jersey

Change # on player's jersey due to blood or scorer's roster entry error

Add Player

Add player to roster & bench

The screenshot shows the 'Set' tab of the VolleyWrite software. At the top, there are menu tabs: Welcome, Rules, Match, Rosters, Set, Score Sheet, Libero, Reports, and About. The main display shows a match between Smallville (Home, 2) and Gotha (Visitor, 0) in Set 3 of 5. The score is 18-15. A court diagram shows player numbers 3, 9, 8, 14, 1, 2, 5, 3, 6, 4, 1, 16. A message bubble asks '#14 contacted serve?' with 'Yes' and 'No' buttons. Below the court are buttons for 'Add Player', 'Libero Tracking', 'Libero served', and 'Add Player'. At the bottom, there are buttons for 'Time-out', 'Substitutions Used', and 'Time-outs Used'.

External Display

- Scoreboard
- Score sheet
- Floor layout

Time-out

Start Time-out clock, and update time-out counts

End of Set

Verify NFHS score sheet

End of Match

- Verify score sheet
- Save Match file
- Save rule/roster changes
